## 2024 FUNDRAISERS

### SUPPORT CHILDREN FIGHTING LYMPHEDEMA

This year will mark our 6th year as the first and only nonprofit specific to pediatric lymphedema in the world. Lymphedema is the painful, debilitating, and chronic swelling of parts of the body where the lymphatic system is compromised due to damage/trauma such as cancer treatment or a developmental abnormality. When children are left untreated, they are more susceptible to life threatening/recurrent infections, psychological issues, orthopedic problems, and eventual disability.

Funds raised during this event allows BFF to provide necessary treatment for pediatric lymphedema warriors across the globe who would have otherwise gone without due to the financial burden of out-of-pocket costs as the majority of insurance companies deem most treatment expenses as cosmetic and non-essential.

In addition to these life altering treatment services, funds also contribute to educational and general awareness efforts such as Camp Watchme, the first and only lymphedema camp in North America that allows children to build relationships with others experiencing the same struggles as well as serve as a resource for them and their families to receive hands on training and gain additional knowledge on treatment options from on-site certified lymphedema therapists. This event helps ensure the continuation of the invaluable BFF programs and resources for pediatric warriors everywhere!

We greatly appreciate your support.

Sincerely,

*Brittany Williams*
